

Steora CITY

Steora City smart bench is the world most powerful bench ever created.

City shares same technology and core features as the Classic model, but with wider set of additional options.

When equipped with optional LCD display and advanced AI camera for precise DOOH advertising, City becomes a perfect option for high frequent locations, thus creating revenue and ROI - already proven in several cities around the world.

Our new City model also provides fast wireless charging and network of reliable sensors which gather information in bench surrounding - all packed in self-sustainable and environmentally friendly product with refurbishing option.

Steora CITY with add on display and camera

Construction

Dimensions: W: 181 cm ; D: 45 cm ; H: 51 cm. Weight: 65 kg.
Materials: alu-zinc, aluminium, hot-dip zinc coated steel [EN10346],
galvanized low carbon steel [ISO 2081]

PV modules

IK08 (EN 62262) vandal proof
99W power output

Li-ion battery pack

Low-temperature resistance
Advance BMS

2 x Qi wireless charging

Supporting all Qi phones, watches and earbuds
Smart energy-saving standby system

LED ambient light

Automatic ON/OFF system
Time adjustable depending on the season

Seating surface cooling system

Air cooling technology
Automatic temperature trigger

Sensors

PHT sensor – pressure, temperature, humidity
Energy sensors, Users counter (number of seating)

Real-time GPS location

Online alarm if bench location changes
Location visible over Solos Smart City platform

Internal server communication system

Included 5-year connectivity with Solos Smart City platform
Online product maintenance and updates

Battery status indicator

Integrated into the bench body
25%, 50%, 75% and 100% status

Detailed technical specification can be found in Steora City datasheet.
